

Researcher and strategic thinker in social innovation, with experience working on hard problems in gender, livelihoods, and wellbeing. Human-centric by instinct, drawn to the next set of problems worth solving.

WORK EXPERIENCE

Senior Associate, Product, [the^delta Prize – the^delta](#) (The/Nudge), Bangalore

Apr 2025 - present

the^delta Prize is a grand challenge platform that transforms breakthrough innovations into real-world impact, equipping social entrepreneurs with the resources, support, and visibility to drive resilient livelihoods and inclusive growth.

- Leading research on India's MSME sector to map it as an opportunity for migrants and excluded populations, turning the findings into a white paper for public reference.
- Co-leading a Google-backed grant proposal, approved in principle, to build momentum for India's MSMEs through AI, set to unlock \$12M and reach over 20 million enterprises in three years.
- Working with organisation leadership on a core team rethinking how the organisation supports its people's growth and careers, listening across roles and locations to bring the employee perspective into the redesign.
- Authored an ecosystem-audit [report](#) on implementation barriers and growth opportunities for women foodpreneurs across 15 geographies informing the scalability strategy and M&E design for the [aahaar bazaar challenge](#).
- Co-authored the baseline study for the [aahaar bazaar challenge](#), mapping challenger progress, solution maturity, and target-segment fit, surfacing the ecosystem support challengers need and the interventions to deliver it.
- Rebuilt Prize's identity by leading the content direction and product framing for the new [website](#) to draw higher-quality challenge applications and sharpen Prize's positioning.
- Conceptualised and co-built a unified knowledge [platform](#) housing the program's assets like landscape studies, impact reports, and challenge documentaries, designed to become a go-to reference for social and impact entrepreneurs.
- Designed a [playbook](#) simplifying how research across thematic areas such as climate futures and female labour force participation becomes the basis for a grand challenge, turning an internal method into a learning resource.
- Co-designed 9 problem [statements](#) with MSC (MicroSave Consulting) spanning soil diagnostics, cattle productivity, hard-to-process waste, etc. to be launched as grand prize challenges, each anchoring INR 10 crore+ to mobilise further capital into the sector.
- Authored the report [One Crisis Away](#) on the climate vulnerability of 300M+ Indians across livelihoods like farming, fisheries, forestry, and dairy, and the potential of tech-enabled market innovations to build food-system resilience.
- Led a 2-member team (under Sanmati 2.0) to build an industry-mapped taxonomy highlighting the gap and opportunity in digital tasks and skills with a keen gender lens, acknowledged by MeitY, GoI.

Skills: Strategic research & synthesis | Qualitative data analysis | Ecosystem mapping | Prompt literacy

Awards & Recognitions: Product Champion, Top 5 nominee (2025)

Associate, Product Research and Design, [The/Nudge Prize – The/Nudge](#), Bangalore

Aug 2024 - Mar 2025

The/Nudge is an Indian non-profit working towards poverty alleviation. Prize is a platform for grand challenges that turn breakthrough innovations into real-world impact.

- Raised \$2.2M for a 3-year action-research study with the Gates Foundation to understand and strengthen women's participation in digital value chains.
- Co-authored [Mapping India's AgWater Landscape](#) and [Pathways to Scale AgWater Innovation](#), building the investability case for the sector and laying out pathways for the ecosystem to scale innovation.
- Designed the 'Future of Women in Work' panel at charcha 2024, Delhi, anchoring the soft launch of the series, which is now featuring 2 prize challenges - the [Digital Naukri Challenge](#) (INR 6.5 crore) and the [aahaar bazaar challenge](#) (INR 5.25 crore).
- Spearheaded Prize's first in-house research [report](#), translating landscape research on India's female labour force participation into the key action areas to lift Female Labour Force Participation (FLFP) toward India's \$30 trillion goal.

Skills: Program design & planning | Research scoping & synthesis | Systems thinking

Associate, Challenge, [The/Nudge Prize – The/Nudge](#), Bangalore

July 2023 – Aug 2024

- Established team-wide playbooks for how challenges get built and run end-to-end, from research-to-problem-statement workflows to M&E and post-challenge governance to make the process consistent and easy to pick up.
- Co-built a roadmap study on rural water governance and urban water management with WELL Labs, surfacing four key problem statements.
- Owned the closing phase of the [Ashirvad Water Challenge](#), running operations for the grand finale, designing governance for continued challenger engagement, and documenting the challenge journey in a project report.

Skills: Project operations | Project management | Stakeholder management

Fellow – [The Gender Lab](#), Mumbai

July 2022 – Mar 2023

The Gender Lab works towards empowering adolescents and youth in communities in India to question existing gender narratives through critical and meaningful engagement.

- Enabled 300 adolescent girls across schools (private and government) in Mumbai to build leadership skills and understand gender equity through a workshop based service-learning model.
- Mentored 40 community projects around local garbage management, menstrual awareness, masculinity, etc. from initiation and planning to impact oriented actions, several of them stepping outside a radius of 2 km for the first time.
- Worked with senior management in the schools for scheduling, coordination, and program governance.

Skills: Creative facilitation | Community project management | Leadership & gender sensitisation

Founder - [In-mind](#)

Oct 2020 – Apr 2022

In-mind started as an initiative to create learning spaces for the younger generation to learn, share, and make Mental Health and Wellbeing a part of everyday life.

- Founded In-mind in the first year of COVID, from one observation: children had no language for what they were feeling. Built it into a full-time initiative over 18 months.
- Started with a 3-class workshop series reaching 150+ students at The Vidhyanjali International School, building on it to design a curriculum and a library of replicable session frameworks covering empathy, emotional expression, and listening.
- Designed and facilitated 15+ online workshops across age groups through 2021, alongside a continuous awareness presence through In-mind's blog and social channels that extended reach to 300+ young people and parents.

Skills: Empathy-driven research | Workshop facilitation

Assistant Manager – Community Development, [LetsEndorse Development Private Limited](#)

Nov 2020 – Jan 2021

LetsEndorse enables social innovators/entrepreneurs to reach the unreached via partnerships with grassroots organisations and local Governments.

- Designed 20+ instructor session plans for Entrepreneurship Development Program serving 300+ MSMEs.
- Drafted a master SOP for MSME compliance and registration requirements, potentially reducing business establishment time by 50%.
- Onboarded and led a team of 10 interns to research and develop key business SOPs covering operations, compliance, etc. to simplify business initiation for MSMEs.

Skills: Instructional designing | SoP design & management

Content Writer

Aug 2020 – Nov 2020

- Designed a marketing pitch to capture premium brands for a shopping mall project resulting in a 40-50% rise in queries.
- Executed lead generation via cold-emailing with a leading Copywriter for international clients.

Skills: Lead generation | Copywriting

INTERNSHIPS AND VOLUNTEERING EXPERIENCE

Member, Founders Collective, [SURAAH](#)

June 2026 - present

- Founding supporter for SURAAH, a context-rooted school in the hills reimagining the traditional model of schooling by shifting from migration to rootedness, memorisation to inquiry, and competition to contribution.

Para-Counsellor, [Sang: a Youth Collective](#)

May 2020 – Oct 2021

- Led a fundraising campaign raising INR 1 lakh for a family of 5 hit by the Delhi riots (2020) and navigated the legal and financial aftermath engaging lawyers, insurance officers, and auto-financers.

Student Intern, [DeHaat](#)

Sep 2019 – May 2020

- Conducted primary and secondary research on agri-value chain financing, farmer access to finance, and government schemes across 10 villages in Bulandshahr, UP.
- Designed a pilot program with a projected market value of INR 6 crores for financial strengthening of 500 farmers in 5 villages and a business model to diversify farmer family incomes.

Awards & Recognitions: Special Recognition, ELM Project, Young India Fellowship

Listener and Community Engagement Head, [The Wall and Us Foundation](#)**Dec 2018 – Jan 2021**

- Spent 500+ hours as a listener, mentored 4 new recruits, and led the Community Engagement Team to reduce the volunteer churn rate by 60%.

Management Trainee - Secretarial Department, [National Steel & Agro Industries Limited](#)**Oct 2017 – Nov 2018**

- Executed quarterly and annual corporate compliances under the Company Secretary of a BSE-NSE listed company.
- Co-drafted Annual Report for the Board and investors of the company.

Awards & Recognitions: AIR-4 (State Rank 1), CS Foundation | Best Presenter, 18th Management Skills Orientation Programme, ICSI Indore Chapter
